Marketing and planning.. Free API 5L-7 Gloss., these people need to be in prison. You never know who might be infected and you don't want to chance having it spread. I would suggest the effort should be put into changing the laws. Not that you are implying a particular group of people or even that they are solely responsible. It's about changing the laws to suit the 21st century. We can't continue on with the same old laws forever. There are too many evolving technologies out there and if we don't change the laws to reflect those realities, we will be in serious trouble. I would suggest the effort should be put into

changing the laws. Not that you are implying a particular group of people or even that they are solely responsible. It's about changing the laws to suit the 21st century. We can't continue on with the same old laws forever. There are too many evolving technologies out there and if we don't change the laws to reflect those realities, we will be in serious trouble. I agree. It seems that a lot of laws are there to protect a specific group of people (politicians, unions, lobbyists, etc.) I think that most of the things happening in the world today could be "fixed" with some changes to the laws. I agree. It seems that a lot of laws are there to protect a specific group of people (politicians, unions, lobbyists, etc.) I think that most of the things happening in the world today could be "fixed" with some changes to the laws. I'm guessing you are a member of that group. Hmm...I'm not into the political shit but I just looked it up

because it's something I'm familiar with. Where did you get that information? Do you have a website? It's about changing the laws to suit the 21st century. We can't continue on with the same old laws forever. There are too many evolving technologies out there and if we don't change the laws to reflect those realities, we will be in serious trouble. Thoughts? I've also seen commenters online who are very big on fascism and that while the law was designed for a society with slightly more diverse and progressive viewpoints, the internet tends to kill these positive developments. I will refer to this post on the "Fascism Comes to Hollywood" thread for evidence of this.
